2022

# **DATABASE OF SKILL DEVELOPMENT COURSES IN DELHI NCR**

**Ashok Raj**  
assisted by  
**Dhirendra Kumar**

*Alternative* **Futures**

**2022**

## HOW TO USE THIS DATABASE

This database gives the names of the institutions, organisations or skill centres according to the main skill development areas. (For instance: computer & IT, electrical trades, tourism & hospitality)

If you wish to know the names of the institutions, organisations and skill centres of your Main Skill Area of choice, then go to the CONTENTS page and then to the relevant page. From the listed trades, select the trade in which you would like to be trained and reach out to the organisation offering skill training in this trade either online or in physical/face to face mode.

For instance, if you want to get training in web design or cloud computing, then go to Main Skill Area of COMPUTER AND IT, select the organisation offering skill training in web design or cloud computing.

## LIMITATIONS OF THIS DATABASE

This database is a preliminary work – a kind of pilot project for developing a portal on the nationwide database on skill development courses covering all the states/UTs.

We, therefore, request the institutions, organisations and skill centres (Government-supported, corporate-supported and NGOs) offering skill development courses to share information on these courses (name, brief content, duration, eligibility, fee structure if any and potential employment opportunities). Please contact us at: [afmailbox@gmail.com](mailto:afmailbox@gmail.com).

## **INTRODUCTION**

### **India's World of Employment Outcome-Focussed Skill Development**

The central government with support from the state governments has initiated a large number of skill development programs in the country.

- Pradhan Mantri Kaushal Vikas Yojna is the major scheme that is run and managed across the country
- In States, the Skill Initiatives are implemented through State Skill Mission.

#### **CENTRAL GOVERNMENT SCHEMES**

##### **Pradhan Mantri Kaushal Vikas Yojana (PMKVY)**

- Pradhan Mantri Kaushal Vikas Yojana (PMKVY) is the main skill training scheme of the Ministry of Skill Development & Entrepreneurship.
- The objective of this skill certification and reward scheme is to enable and mobilize a large number of Indian youth to get skilled in a vocation, become employable and thus earn their livelihood.
- Under this scheme, monetary rewards are provided to trainees who are successfully trained, assessed and certified in skill courses run by affiliated training providers.
- Under this Scheme, the training and assessment fee is completely paid by the Government.

The scheme will be implemented through the National Skill Development Corporation (NSDC).

##### **Key Components of the PMKVY Scheme:**

###### **1. Short-Term Training**

- The Short-Term Training imparted at PMKVY Training Centres (TCs) is expected to benefit candidates of Indian nationality who are either school/college dropouts or unemployed.
- It provides training according to the National Skills Qualification Framework (NSQF).
- The TCs impart training in Soft Skills, Entrepreneurship, Financial and Digital Literacy.
- After completion of their assessment, candidates are provided placement assistance by Training Partners (TPs).
- Under PMKVY, the entire training and assessment fees are paid by the Government.
- Training imparted are NSQF Level 5 and below.

###### **2. Recognition of Prior Learning**

- Individuals with prior learning experience or skills are assessed and certified under the Recognition of Prior Learning (RPL) component of the Scheme.
- RPL aims to align the competencies of the unregulated workforce of the country to the NSQF.
- Project Implementing Agencies (PIAs), such as Sector Skill Councils (SSCs) or any other agencies designated by MSDE/NSDC, are financially supported.
- The PIAs also offer Bridge Courses to RPL candidates to address knowledge gaps.

**3. Special Projects:** This component of PMKVY creates a platform that will facilitate training in special areas and/or premises of Government bodies, corporate or Industry bodies.

**SANKALP (Skills Acquisition and Knowledge Awareness for Livelihood Promotion)**

To strengthen institutional mechanisms for skill development and increase access to quality and market-relevant training for youth across the country, SANKALP aims to address the ongoing challenges like bringing about convergence, infusing quality in skill development programs and making them market-relevant and accessible while ensuring private participation in the context of short-term training.

**Polytechnic Schemes**

Sub-Mission on Polytechnics under the Coordinated Action for Skill Development (<https://mhrd.gov.in/technical-education-16>)

**Scheme of Community Development Through Polytechnics (CDTP)**

- CDTP scheme provides non-formal, short-term, employment-oriented skill development programmes, through polytechnics, to various sections of the community, particularly the rural, unorganized and disadvantaged sections of the society, to enable them to obtain gainful self/wage employment.
- Duration of training usually ranges from three to six months.
- No fees are charged from the trainees under this Scheme and there is no restriction of age and qualification for the trainees.

**Scheme for Integrating Persons with Disabilities in the Mainstream of Technical and Vocational Education**

- The Scheme has been introduced to upgrade some of the selected polytechnics to integrate persons with disabilities in the mainstream of technical and vocational education.
- In this scheme, each polytechnic trains up to up to 100 disabled persons each year through non-formal courses consisting of vocational/skill development programmes.

**VOCATIONALIZATION OF EDUCATION**

**School Education**

- The Centrally Sponsored Scheme of Vocationalisation of Secondary Education of Ministry of HRD, Government of India lists out an important role for NSDC and its Sector Skill Councils (SSCs) in the implementation of NSQF.
- The training courses conducted in the scheme are based on the National Occupational Standards set by NSDC through its Sector Skill Councils.

**Training Delivery through NSDC Training Partners**

- NSDC Training Partners recruit teachers and places them in schools as per the minimum prescribed qualifications.
- Two Trades are offered in each school and each trade has 50 students.
- NSDC TP monitors and manages the training delivery.
- TP organize On-the-job-training and Guest Lectures at different intervals.
- The course runs for four years from Class IX-Class.
- Sector Skill Councils conduct assessments and provide certification aligned to the National Skill Qualification Framework (NSQF).

**Higher Education**

To bridge the industry-higher education gap, the NSDC has developed a model to integrate skill-based training into the academic cycle of the universities. These are based on National Occupational Standards set by industry through sector skill councils.

### **WORLDSKILLS AND INDIASKILLS COMPETITIONS**

WorldSkills is the global hub for skills excellence and development. WorldSkills brings youth, industries, and educators together to give youth the chance to compete, experience, and learn how to become the best in their skill of choice.

WorldSkills India is an initiative of the National Skill Development Corporation (NSDC). NSDC, through its WorldSkills India initiative, has been leading the country's participation at WorldSkills International competitions.

The Ministry of Skill Development and Entrepreneurship (MSDE) & National Skill Development Corporation (NSDC) has launched India's first National Skills Competition-IndiaSkills, a biennial competition to:

- create nationwide awareness and participation across various skills; and
- help Indian youth attain world-class standards of competence, excellence and productivity.

### **SCHEME ON ENTREPRENEURSHIP DEVELOPMENT**

The entrepreneurship development scheme has been developed by the Ministry of Skill Development and Entrepreneurship. It has the following elements:

#### **I. Educate and equip potential and early-stage entrepreneurs across India**

A world-class entrepreneurship education curriculum has been developed.

#### **II. Connect entrepreneurs to peers, mentors, incubators**

- To support young entrepreneurs, a web and mobile-based platform has been set up to enable them to access content, information on Government services and special packages offered by service providers.
- Entrepreneurship activities are being aligned with Atal Innovation Mission (AIM) and Self Employment Talent Utilisation (SETU).

#### **III. Support entrepreneurs through Entrepreneurship Hubs (E-Hubs)**

It is being provided by access to enabling resources through a national network of Entrepreneurship Hubs (E-Hubs).

#### **IV. Encourage entrepreneurship among underrepresented groups**

Special focus is given to the inclusion of scheduled castes & scheduled tribes, minorities, differently-abled, etc., and regionally under-represented areas.

#### **V. Promote Entrepreneurship amongst Women**

Focus is given to encouraging women entrepreneurs through appropriate incentives for women-owned businesses under the public procurement process.

### **SECTOR SKILL COUNCILS**

The National Policy on Skill Development and Entrepreneurship, 2015 laid out SkillIndia Mission and envisaged the creation of Sector Skill Councils (SSCs) by NSDC. The SSCs are one of the major pillars of NSDC's strength, which play a vital role in bridging the gap between what the industry demands and what the skilling requirements ought to be.

The **National Occupational Standard** is one of the most significant contributions of NSDC to India's skilling ecosystem - something that was made possible by the SSCs.

The SSCs operate as an autonomous body and could be registered as a Section 8 Company, or a Society. NSDC is mandated to initiate and incubate SSCs with initial seed funding to facilitate their growth and enable them to achieve self-sustainability in a time-bound manner.

### **Role of Sector Skill Councils**

- Identification of skill development needs including preparing a catalogue of types of skills, range and depth of skills to facilitate individuals to choose from them.
- Development of a sector skill development plan and maintaining skill inventory.
- Determining skills/competency standards and qualifications and getting them notified as per NSQF.
- Standardization of affiliation, accreditation, examination and certification process following NSQF as determined by NSQC.
- Conducting skill-based assessment and certification for QP /NOS aligned training programmes.
- Participation in the setting up of affiliation, accreditation, examination and certification norms for their respective sectors.
- Plan and facilitate the execution of Training of Trainers along with NSDC and states.
- Promotion of academies of excellence.
- Paying particular attention to the skilling needs of ST/SC, differently-abled and minority groups.
- Ensuring that the persons trained and skilled following the norms laid down are assured of employment at decent wages.

### **Placements**

- ❖ To facilitate employment, Sector Skill Councils develop placement portals and mobile apps.
- ❖ These portals are linked to demand aggregation and are aimed at meeting the skill needs of the industry.
- ❖ The 360-degree interface of the portal connects candidates and training partners with recruitment firms and potential employers.

### **List of Sector Skill Councils**

Automotive Skills Development Council  
Aerospace and Aviation Sector Skill Council  
Agriculture Skill Council of India  
Apparel Made-Ups & Home Furnishing Sector Skill Council  
Beauty & Wellness Sector Skill Council  
BFSI Sector Skill Council of India

Textile Sector Skill Council  
Tourism and Hospitality Skill Council

### **DELHI GOVERNMENT SKILL DEVELOPMENT SCHEMES**

- The Delhi Skill Development Program offers employment-related skills are given to aspiring candidates.
- The skills are given at the Smart Centres by Certified Training Partners approved by the NSDC.
- The NSDC requires that 80% of the trained candidates will be offered employment through networking by the Training Partners.
- Persons wanting to get training in different skills for employment or self-employment can register themselves and select the skill of their choice from the drop-down box.

**Registration Form** (to apply for any skill training programme) can be filled up at:  
[https://docs.google.com/forms/d/e/1FAIpQLSdb6HsL-71m5zVbOR6RetlvIPmFujPK\\_zmzAs0BP08Z2xVTJg/viewform](https://docs.google.com/forms/d/e/1FAIpQLSdb6HsL-71m5zVbOR6RetlvIPmFujPK_zmzAs0BP08Z2xVTJg/viewform)

### **B.Voc. Programmes in Government Institutes of Technology under the Aegis of Directorate of Training & Technical Education**

Bachelor of Vocational (B.Voc.) programmes, affiliated to GGSIPU has been launched in 9 Government. Institute of Technology in the following highly demanding sectors:

1. Automobile Engineering
2. Refrigeration & Air- Conditioning
3. Power Distribution Management
4. Printing Technology
5. Software Development
6. Mobile Communications
7. Applied Arts
8. Interior Design
9. Construction Technology

### **Non-Formal Training**

There is a special coaching-cum-guidance course available for SC/ST candidates in the trade of stenography (English) available at ITI Nand Nagri.

# PART-I

## MAIN SKILL AREA-WISE TRADES

### AEROSPACE AND AVIATION

**IL&FS Institute of Skills-Okhla**

(under Aerospace and Aviation Sector Skill Council)

D-114, Pocket D, Okhla I, Okhla Industrial Estate, New Delhi-110020

Contact: +91 11 4159 4000

Website: <https://www.ilfsindia.com/our-work/skill-development/>

**Course offered: Airline Baggage Handler**

Eligibility: Students in school (Class IX-XII), school dropouts and diploma holders, undergraduates and graduates, working professionals, and artisans.

our skill development program has been recognized by McKinsey & Company

**Special benefits:**

- We offer skill development programs in more than 100 trades. They are delivered through our network of training institutes, IL&FS Institutes of Skills (IIS), which are equipped to give students hands-on training in industry-simulated training labs that are mapped to the shop floor.
- Supplementary training in functional English, digital literacy and life skills marks our commitment to help students become completely job-ready.
- Our multimedia training modules, designed by experts to industry-endorsed National Occupational Standards (NOS), are available in 18 languages.
- They are delivered through our patented multifunctional device K-Yan, ensuring effectiveness and interactivity.

Special features:

- We are a knowledge-based multi-disciplinary Skill Development training Company, committed to bringing an entire range of services involved in the welfare of poor and rural candidates
- We combine deep industry experience, technical expertise and a global delivery model to create value-based solutions to fulfill the industry's requirements.
- We have trained more than 8000+ candidates under Government & Non-Government skill training schemes like PMKVY, RPL etc. till now across India.

### **Indiavision Realty & Infrastructure Pvt Ltd.**

Construction Skill Development Council of India, Indian Plumbing Skills Council and National Real Estate Developers Council

First Floor, B-84, Sector 2, Noida, Uttar Pradesh

### **Course offered: Plumbing and Sanitary**

Special Features:

- Indiavision is the only Skilling Provider in Construction Sector with Domain Expertise
- Indiavision offers two types of programs viz. Comprehensive Training Program (CTP) and Batch Wise Training Program (BTP). The batch-wise training program can be run either on the construction sites or in dedicated training centres. Indiavision is a pioneer of 'On the Job Training' and thus advocates On-Site training over centre Based Training.
- Indiavision is the only skilling provider in the construction sector which has domain expertise by being part of the industry itself. We offer skilling as a solution to the industry and help bridge the skill gap which has plagued the industry for so long.
